6007.7.3 Bond Amount Determination	
Asphalt Roadway	LF _____ X 11' lanes X \$54 = _____
Concrete Roadway	LF _____ X 11' lanes X \$93 = _____
Curb and Gutter	LF _____ X _____ X \$15 = _____
Sidewalk	SY _____ X _____ X \$40 = _____
Detached Sidewalk	SY _____ X _____ X \$120 = _____
Median	SY _____ X _____ X \$36 = _____
Sewer Trench Backfill	LF _____ X _____ X \$ 8 = _____
Utility Trench Backfill	LF _____ X _____ X \$ 2 = _____
	Sub Total _____
	10% Mobilization _____
	Total _____
Additional Bonding Required if Total Exceeds \$25,000	

Due to the limited number of concrete streets and intersections in Ada County, requirements for trenching in concrete streets shall be specific to the location and shall be negotiated. The most important criteria will be to find alternatives to trenching.

With regards to Permit extensions, the timeframe calculation shall be applied unless extenuating circumstances warrant adjustment and are negotiated prior to construction. In the event that unforeseen circumstances are encountered during construction, the contractor is responsible to
