MEMORANDUM

Capital Projects Department

Date: January 25, 2008
To: ACHD's Design Consultants
From: Colin Farr and Sally Goodell
Subject: Access to Irrigation and Drainage Facilities

This memo serves the purpose of distributing ACHD guidelines for project design.

For all projects, access to major irrigation or drainage facilities must be addressed during the design. Access to both sides of the facility with a curb cut or driveway approach shall be included in the design unless the operating entity gives specific written permission to eliminate the access.

Cc: ACHD's Project Managers
