

## ACHD Commissioners to consider future of Three Cities River Crossing

The Three Cities River Crossing Study will be presented to the Ada County Highway District (ACHD) Commissioners for a probable decision on Wednesday, July 21<sup>st</sup>. The Commissioners will consider whether to select a Build Alternative or a No Build Alternative. If the Commission chooses the No Build Alternative, the project would be removed from ACHD's Five-Year Work Plan and the Capital Improvements Plan, eliminating the future bridge crossing project. The Environmental Impact Statement will be finalized with one of the two alternatives.

Please note that this meeting is scheduled to begin at 6 p.m.; however, this project is one of several agenda items and may not be the first item discussed. ACHD staff will make a brief presentation followed by an opportunity for public comment before the Commission acts.
