Traffic impacts shift to Fairview as Fairview and Five Mile intersection construction progresses

Boise- Fairview Avenue at Five Mile Road will have reduced travel lanes beginning Wednesday, August 4. Traffic will be moved to the north side of Fairview and restricted to one lane in each direction with a left turn lane. Crews will begin work to remove asphalt on the south side of Fairview.

Motorists should expect additional, future lane shifts and ongoing work on Fairview as construction on the new concrete intersection advances. Access to businesses will be maintained at all times.

The \$2.4 million intersection project is now expected to be complete in November. When finished, it will improve traffic flow with new right and left turn lanes and additional through lanes.

For more information on this project or the latest on all road construction projects in Ada County, log on to www.achdidaho.org.
