Downtown Boise
Implementation Plan
February 13, 2013 • Open House

Bicycling

1. Why do you bike downtown (select all that apply)?

- Commuting to school or work Shopping/errands Dining/events Recreation Exercise/health benefits
 Reduces air pollutants Save money Get to transit I don't bike Other _____

2. What type of bicycle treatments would you like to see in downtown (select all that apply)?

- More bike lanes Better intersection crossing treatments (i.g., green paint, bike specific signals, etc.)
 Off-street or separated paths Designated bike routes on low traffic streets (not necessarily bike lanes)
 Wayfinding (signs that direct cyclists to destinations) Other _____

3. What prevents you from bicycling more often (select all that apply)?

- Don't have access to a bike Live too far from destinations Don't know which routes to take
 Traffic (number or speed of cars) Intersections/road crossing concerns Lack of bike facilities - bike lanes, paths, routes
 Lack of end-of-trip facilities (parking, lockers, showers, etc.) Other _____

Two-way conversion streets and mini-roundabouts

1. Do you think we should use mini-roundabouts at certain downtown intersections instead of traffic signals or stop signs?

- Yes No Unsure

Please explain: _____

2. Do you support changing some of the existing one-way streets in downtown to two-way streets?

- Yes No Unsure

Please explain: _____

3. What existing one-way route would be your top priority for two-way traffic flow?

- 3rd and 4th Streets 5th and 6th Streets 11th Street 12th Street 13th Street 14th Street
 Jefferson Street None Other _____

Please explain: _____
