

WHAT WE HEARD

In March 2022 ACHD reached out to the public to gather feedback on the design. Below is a summary of what we heard.

ONLINE Outreach
from February 28 to March 14,
2022.

204 Comments

623 Visitors
to the project webpage during
the online outreach period.

How do you feel about the design?

165 Like it overall

18 Not sure

21 Don't like it overall

THEMES

Additional through lanes
Traffic is continuing to grow
in this area and something
needs to be done.

**Concerns about noise &
center medians**
Worried that traffic will
increase noise.
Center turn lanes should
suffice. Medians not
necessary.

**Will help safety
& mobility**
Multi-use pathways are
safer for pedestrians &
cyclists.
Will reduce wait times
in off hours.
