

Environmental Evaluation

As part of the federal-aid process, ACHD must gather information on the existing condition of natural and physical resources and the environment. The project will prepare an environmental categorical exclusion to document project effects (pros and cons) on the environment.

Air

Requirement

- Performed Air Quality Analysis

Outcome

- Project estimated to have no long-term air quality impacts
- Projected carbon monoxide levels below guidelines

Cultural Resources

Requirement

- Identified two historic structures, two canals and a trail that are eligible for the National Register of Historic Places

Outcome

- Proposed project will have no effect upon historic properties
- Approved by State Historic Preservation Office, March 2015

Environmental Justice

Requirement

- Coordinating with Idaho Office for Refugees
- Working with Samaritan Village Apartments

Outcome

- Outreach is ongoing
