

STATE & COLLISTER INTERSECTION PROJECT

PROJECT UPDATE

The Ada County Highway District (ACHD) is planning the expansion and reconstruction of the State Street and Collister Drive intersection in 2018. The new intersection will include safety improvements for those that bike, walk, drive and use transit.

NOISE STUDY

A study completed as part of the project shows traffic noise in the project area currently exceeds state and federal noise policy standards in some locations and is expected to increase as traffic increases over the next 20 years. The study concluded that a sound wall on the south side of State Street will reduce noise impacts to the Edgewater Apartments. ACHD worked closely with the owners of the apartments and came to an agreement to build the sound wall as part of the project.

The agreement allows ACHD to move forward with the following schedule:

- Environmental Evaluation Approval – Fall 2016
- Final Design – Fall 2016 – Summer 2017
- Right-of-way negotiation/purchase – Summer/Fall 2017
- Construction – Fall 2018 – Fall 2019

For more information on the intersection Project, please visit the project web page at <http://bit.ly/StateCollister>.
