

WHY WE ARE STUDYING THE INTERSECTION

The Glenwood Street and State Street intersection is a critical junction for moving people and goods through the State Street corridor and connecting the cities of Boise and Garden City.

The intersection's diverse set of challenges have led the Ada County Highway District and the Idaho Transportation Department to initiate the Glenwood Street and State Street Intersection Study.

high-volume intersection

135

daily pedestrians

60,000

daily vehicles

90

daily bicyclists

9, 9x, 44, 10, 12

five transit routes

LOS D/E

during the peak hours

Level of Service

#45
