

WHAT IS A BULB-OUT?

Illustrations of bulb-outs and example photos from National Association of City Transportation Officials. (NACTO.org)

Examples

Benefits of Bulb-outs

-  Slow and calm traffic
-  Provide space to install ADA compliant pedestrian ramps on existing sidewalks where they are otherwise too narrow
-  Provide additional visibility and protection for pedestrians when crossing the street
-  Reduce the exposure of pedestrians to vehicular traffic

Challenges with Bulb-outs

-  Will require removal of on-street parking in vicinity of intersection.
-  May be difficult for large delivery trucks to navigate.
