

Projects Under Consideration

SIDEWALKS

- S1** • Taft St, Sycamore St/36th St
Sidewalks on south side of Taft St. Complete connection between State St and 36th St
- S2** • Pleasanton Ave, 27th St/26th St
Sidewalk on south side of Pleasanton Ave
- S3** • Glendale St, Veterans Memorial Pkwy/ Mercer St
Sidewalk on north side of Glendale. Connects existing sidewalk on Mercer to new PHB on VMP
- S4** • Mercer St, Glendale St/Alameda St
Sidewalk on east side of Mercer St. Completes sidewalk from State St to Glendale St

BIKE TREATMENT

- B1** • Taft St, Sycamore St/Woody Dr
Low-stress bike route from Sycamore St to 36th St
- B2** • Bannock St, 29th St to/23rd St
Improve low-stress bike route along Bannock in both directions
- B3** • State St Frontage Bike Lane, 23rd St/27th St
Bike lanes on the frontage road north of State St. This would provide connectivity from the currently planned bike lanes on the State St north of 27th St and existing bike lanes on 23rd St south of State St

rectangular rapid flashing beacon

pedestrian hybrid beacon

SHARED USE PATHWAY

- P1** • Willow Lane Connection
Shared-use path from Willow Lane Athletic Complex entrance to the Greenbelt. City of Boise project.

CROSSINGS

- C1** • Whitewater Park Blvd and Pleasanton Ave
Provide safe /visible crossing on east side of Whitewater Park Blvd across Pleasanton Ave.
- C2** • Bannock St and 23rd St
Enhanced crossing at Bannock St to provide safe crossing of 23rd St on east side of intersection in existing parking area to improve visibility.
- C3** • Jefferson St and 23rd St
Improve crossing at Jefferson St to provide safe crossing of 23rd St on east side of intersection in existing parking area to improve visibility.
- C4** • Pleasanton Ave and 23rd St
Install a rectangular rapid flashing beacon (RRFB) on 23rd St on the south side of Pleasanton Ave to provide safe crossing of 23rd St Crosswalk markings and bulb outs on east side of intersection in existing parking area to improve visibility.
- C5** • State Street and 21st St
Install Pedestrian Hybrid Beacon on State St at Pleasanton Ave/21st St intersection. (West Side Drive-In)
- C6** • Bannock St and 16th St
Install traffic signal at 16th St and Bannock St
- C7** • Fairview Ave/Main St and 16th St
Install marking crossing at the west side of the intersection and ADA ped. facilities in the splitter island. Include RRFB across Main St free running right turn.
- C8** • Fairview Ave and 25th St
Enhanced crossing on Fairview Ave at 25th St intersection. Nearest crossings are at 27th and 23rd

Instructions

- 1 Use your COMMENT CARD to show us which projects should be top priorities.
- 2 Circle up to THREE (3) project locations on the map.
- 3 Give your comment card to a Project Team Member or place it in the Comment Card box.

What's your top priority?

If we could only do **THREE** projects to make walking and biking better in your community, which ones would you choose?
