1. Meeting called to order by Chairman, Jeremy Maxand; we have a quorum.

2a. Emerald Street Overpass (presentation). Discussion by Director Wong. Concerns about the access not being ADA Compliant.

2b. Questions to Staff/Rachel about the previously submitted information/complaint report data. Overall it is helpful. Next report will be out in September. Karel asked about the TV PSA re: bus stops. Alissa clarified some of the information, she would talk to the department in charge and report back, if needed.

3) APS priority list presentation by Rachel: question asked about adding sites to the list, it's an easy process.

ITD APS/ACHD joint list: Director Wong states that staff will inquire re: process for timely input and process cost; shared agency guidelines; consistency in prompt commands.

4) Next meeting list: July 12. Frequency of meetings is established by our by-laws. The by-laws will be included in our packet for next meeting.

Meeting adjourned.
