

13th Street Traffic Calming Study

Open House • March 8, 2015

The Ada County Highway District (ACHD) is initiating traffic calming study for 13th Street from Fort Street to Hill Road. This traffic calming study is a result of neighborhood concerns expressed to ACHD regarding the speed and number of vehicles traveling on 13th Street.

ACHD will engage with neighborhood residents and businesses to identify ideas for creating a more pedestrian and bicycle friendly environment without negatively impacting the local economy.

A robust public involvement process beginning in early February 2018 will include door-to-door visits in the neighborhood, a workshop, and public meetings.
