This Ordinance shall apply in all areas under the control and jurisdiction of the Ada County Highway District.

7301 FINDINGS AND PURPOSE

In accordance with the Idaho Development Impact Fee Act, the Board of Commissioners of the Ada County Highway District finds that an equitable program for planning and financing those public facilities under its jurisdiction which are needed to serve new growth and development is necessary in order to promote and accommodate orderly growth and development and to protect the public health, safety and general welfare of the citizens of Ada County, Idaho. It is the intent of the Commission by enactment of this Ordinance to:

- a. ensure that adequate roads, streets, bridges and associated public facilities are available to serve new growth and development;
- b. promote orderly growth and development by establishing uniform standards by which those who benefit from new growth and development pay a proportionate share of the cost of new public facilities under the jurisdiction of the Ada County Highway District which are needed to serve new growth and development; and
- c. ensure that those who benefit from new growth and development are required to pay no more than their Proportionate Share of the cost of new public facilities under the jurisdiction of the Ada County Highway District which are needed to serve new growth and development and to prevent duplicate and ad hoc development requirements. 7304 IMPOSITION OF IMPACT FEE

7304.1 General Application.

On the terms, and consistent with the purposes and provisions of this Ordinance and the Idaho Development Impact Fee Act, Chapter 82, Title 67, *Idaho Code*, ACHD hereby imposes an Impact Fee as a condition of Development Approval on all Developments in Ada County, Idaho. Unless otherwise agreed in writing by ACHD and the Developer, the Impact Fee shall be collected no earlier than:

- a. the commencement of construction of the Development; or
- b. the issuance of a building permit; or
- c. the issuance of a manufactured home installation permit.
(Reference *Idaho Code*, Section 67-8204(3).)

7304.2 Application to Taxing Districts.

Taxing Districts shall be subject to payment of Impact Fees on all Developments in Ada County, Idaho pursuant to the terms of this Ordinance unless ACHD and the Taxing District enter into a written agreement that provides otherwise. (Reference *Idaho Code*, Section 67-8203(7).)

7305 METHODOLOGY

7305.1 Basis for Formula.

The Idaho Development Impact Fee Act and subsequent analyses by ACHD provide the methodology for a reasonable and fair formula to ensure that those who benefit from Development pay their Proportionate Share of the cost of System Improvements needed to serve that Development. This methodology results in a formula for the calculation of the Impact Fee for each type of Development Unit within a given Service Area that is then used to create the Impact Fee Schedule. (Reference *Idaho Code*, Section 67-8207.)

7305.2 Minimum Standards

Under this formula the Impact Fee:

- a. shall not exceed a Proportionate Share of the costs incurred or to be incurred by ACHD in the provision of System Improvements to serve new Development (reference *Idaho Code*, Sections 67-8204(1) and 67-8207(1));
- b. is based on actual System Improvement Costs or reasonable estimates of such costs (reference *Idaho Code*, Section 67-8204(1));
- c. is calculated on the basis of Level of Service E Planning Threshold for minor arterials and principal arterials on the System as applicable to existing Development as well as new growth and Development. Level of Service E Planning Threshold for minor arterials and principal arterials is the acceptable level of service planning threshold for System Improvements under this Ordinance (reference *Idaho Code*, Section 67-8204, subsections (2) and (23)); and
- d. is imposed for System Improvements that are attributable to the demands on the Service Capacity of the System generated by the new Development. (Reference *Idaho Code*, Section 67-8204(2).)

7305.3 Considerations in Determining Proportionate Share

The Proportionate Share is the cost of System Improvements attributable to the new Development after ACHD considers and accounts for the following:

- a. any appropriate credit, offset or contribution of money, dedication of land, or construction of System Improvements;

- b. payments reasonably anticipated to be made by or as a result of a new Development in the form of user fees and debt service payments;
- c. that portion of general tax and other revenue allocated by ACHD to System Improvements; and
- d. all other Available sources of funding such System Improvements. (Reference *Idaho Code*, Section 67-8207(1).)

7305.4 Factors Considered in Determination of Proportionate Share

In determining the Proportionate Share of the cost of System Improvements to be paid by the Developer, the following factors shall be considered and accounted for by ACHD in the calculation of the Impact Fee:

- a. the cost of existing System Improvements within the Service Area;
- b. the means by which existing System Improvements have been financed;
- c. the extent to which the new Development will contribute to the cost of System Improvements through taxation, assessment, or Developer or landowner contributions, or has previously contributed to the cost of System Improvements through Developer or landowner contributions;
- d. the extent to which the new Development is required to contribute to the cost of existing System Improvements in the future;
- e. the extent to which the new Development should be credited for providing System Improvements, without charge to other properties within the Service Area;
- f. Extraordinary Costs, if any, incurred in serving the new Development;
- g. the time and price differential inherent in a fair comparison of Impact Fees paid at different times; and
- h. the availability of other sources of funding System Improvements including, but not limited to, user charges, general tax levies, intergovernmental transfers, and special taxation. The Capital Improvements Plan shall include consideration of alternative sources of revenue. (Reference *Idaho Code*, Sections 67-8204 (1) and 67-8207(2).)

7306 FORMULA FOR CALCULATING THE IMPACT FEE

7306.1 Basic Purpose and Concept

The basic purpose of the Impact Fee and the principal concept of the formula is to charge each Development Unit in a new Development with its Proportionate Share of System Improvement Costs of new or expanding arterial roads under the jurisdiction of ACHD to handle the increased vehicular traffic that will eventually result from all the new Developments that can be expected to be built in a given geographic area of Ada County according to adopted land use plans.

The number and type of new Development Units that can be projected to be built in a geographic area, the vehicular use that can be expected from each new Development Unit, the costs of expanding the Service Capacity of arterials, the Proportionate Share, and the other factors that under the Idaho Development Impact Fee Act must be considered for inclusion in the Impact Fee formula are based on reasonable estimates and averages using the best available sources and applied in accordance with generally accepted accounting principles and engineering and planning criteria. (Reference *Idaho Code*, Section 67-8204(23).)

7306.2 Definitions of Terms in Formula

For purposes of defining the various components of the Impact Fee formula set forth in Section 7306.3, the following terms have the following meanings:

The term "Average Trip Length" means the average distance of each vehicle trip Generated by a Development Unit on the Regional Roadway Network within Ada County, Idaho.

The terms "Generated" and "Generation" as used in these definitions mean, collectively, attracted by and produced from.

The term "Network Adjustment Factor" means the Vehicle Miles Traveled projected to occur on the System from the Development Unit divided by the Vehicle Miles Traveled projected to occur on the Regional Roadway Network from the Development Unit.

The term "New Trip Factor" means the percentage of vehicle trips that are non-pass-by trips as defined in the ITE Manual.

The term "Peak Hour Trip Rate (one-way)" means one-half (1/2) the number of vehicle trip ends Generated on the Regional Roadway Network during the Peak Hour by a Development Unit.

The term "Service Capacity" is defined in Section 7302.

The term "Vehicle Miles Traveled," or VMT, means the total number of vehicle trips multiplied by the trip length, in miles, on the Regional Roadway Network.

The term "Vehicle Miles Traveled Cost," or VMT Cost, means the total of all Traffic Impact Fee-eligible System costs divided by the System VMT generated by Development Units during the Peak Hour for the Service Area within which the Development Unit is being constructed.

7306.3 Summary of Formula

For each Development Unit, the following formula more particularly expresses the concept set forth in Section 7306.1 and the methodology set forth in Section 7305 of this Ordinance:

Traffic Impact Fee per Development Unit = Peak Hour Trip Rate (one way) x New Trip Factor x Average Trip Length x Network Adjustment Factor x VMT Cost.

A further explanation of the terms and application of the formula is set forth on Exhibit "B" attached to this Ordinance.

7307 IMPACT FEE SCHEDULE

Based on the formula set forth in Section 7306.3 of this Ordinance, the amount of the Impact Fee for a Development Unit at the specified land use is presumed to be the amount set forth in the Impact Fee Schedule and as adjusted annually for inflation as further described in Exhibit "B".

7308 EXEMPTIONS

The following Development activities are exempt from the requirement to pay an Impact Fee:

- a. rebuilding the same amount of floor space of a structure which was destroyed by fire or other catastrophe, providing the structure is rebuilt and ready for occupancy within two (2) years of its destruction and the land use of the rebuilt structure is similar to the land use before the destruction;
- b. remodeling or repairing a structure which does not increase the number of Service Units;
- c. replacing a residential unit, including a manufactured home, with another residential unit on the same lot, provided that the number of Service Units does not increase;
- d. placing a temporary construction trailer or office on a lot;
- e. constructing an addition on a residential structure which does not increase the number of Service Units;
- f. adding uses that are typically accessory to a residential use, such as a tennis courts, clubhouse or detached garage, unless it can be clearly demonstrated that the use creates a significant impact on the capacity of System Improvements; (reference *Idaho Code*, Section 67-8204(20)); and
- g. placing a temporary stand, structure or similar facility for the sale or disbursement of seasonal farm produce, fireworks, election campaign material, or similar use, where

the total period of use will not exceed ninety (90) days during any twelve (12) month period.

Credit or reimbursement shall not be given for Project Improvements. (Reference *Idaho Code*, Section 67-8209(1).)

In calculation of Impact Fees for a particular project, credit shall be given for the Present Value of all tax and user fee revenue generated by the Developer, within the Service Area where the Impact Fee is being assessed and used by ACHD for System Improvements of the category for which the Impact Fee is being collected. If the amount of the credit exceeds the Proportionate Share for the particular project, the Developer shall receive a credit on future Impact Fees for the amount in excess of the Proportionate Share. The credit may be applied by the Developer as an offset against future Impact Fees only in the Service Area where the credit was generated. (Reference *Idaho Code*, Section 67-8209(2).)
- c. The Impact Fee Administrator shall determine if the Developer is eligible for credit towards the Impact Fee and calculate the amount of the credit. If credit is due the Developer, the credit amount will be deducted from the Impact Fee.

7315 UNLISTED LAND USES; CHANGES IN UNITS OR SCOPE; MODULAR BUILDING, MANUFACTURED HOME OR RECREATIONAL VEHICLE

7315.1 Unlisted Land Uses

(Reference *Idaho Code*, Section 67-8204(3).)

7316.2 Election

A Developer has the right to elect to pay a Development's Proportionate Share of System Improvement Costs by payment of Impact Fees according to the Fee Schedule as full and complete payment of the Development's Proportionate Share of System Improvement Costs, except for any costs of Extraordinary Impact under Section 7313 of this Ordinance. - e. action by the Commission determines that the Impact Fee was calculated incorrectly in favor of ACHD or as a result of an appeal or mediation under Section 7321 a refund is due; or
- f. the Fee Payer pays the Impact Fee under protest, and a subsequent review of the Impact Fee paid or the completion of an individual assessment

determines that the Impact Fee paid exceeded the Proportionate Share to which ACHD was entitled to receive. (Reference Idaho Code, Section 67-8211(d)).

7319.2 Time of Payment

When the right to a refund exists under this Section, the Impact Fee Administrator shall send the refund to the owner of record within ninety (90) days after the Impact Fee Administrator has determined that a refund is due. (Reference *Idaho Code*, Section 67-8211(2).)

7319.3 Interest

7320 LOANS TO SERVICE AREA FUND; EXTRAORDINARY IMPACT LOANS

7320.1 Loans to Service Area Fund

The Commission may loan funds held by it in its general accounts to a Service Area capital projects fund where the fund does not have sufficient balances to pay all of the System Improvement Costs to be incurred for the construction of a System Improvement in that Service Area. As Impact Fees are generated and collected in that Service Area, the loan will be repaid, without interest, by the transfer of funds from the capital projects fund for that Service Area to the general accounts of ACHD.

7320.2 Commission Resolution Required

The making of any such loan shall require the adoption of a resolution by the Commission at a regular or special meeting.

7321 ADMINISTRATIVE APPEALS

7321.1 Appeal to Commission; Grounds

The Commission shall hear and decide appeals by any Developer, Fee Payer or property owner aggrieved by a final decision made by the Impact Fee Administrator under this Ordinance where it is alleged that the Impact Fee Administrator did not properly apply this Ordinance, did not consider all relevant facts presented, abused discretion or acted arbitrarily and capriciously in the interpretation or enforcement of this Ordinance.

7321.2 Filing Fee

The fee for filing an appeal shall be in accordance with ACHD's current fee schedule.

7321.3 Initiation

An appeal is initiated by the filing of a written notice of appeal together with the filing fee with the Clerk of ACHD, which must be filed within thirty (30) calendar days from the date of the final decision that is the subject of the appeal. If the thirtieth day falls on a weekend or holiday, the notice of appeal may be filed the following business day. The notice of appeal shall refer to the decision being appealed, identify the appellant by name, address and telephone number and state the grounds for the appeal. The grounds shall include a written summary of the provisions of the Ordinance relevant to the appeal and/or the facts relied upon and shall include a written argument in support of the appeal. A notice of appeal that does not comply with the provisions of this subparagraph shall not be considered by the Commission, and no further action with respect thereto shall be taken under this Section.

7321.4 Time to Reply

The Impact Fee Administrator shall have fourteen (14) calendar days to reply to the notice of appeal, and may during such time meet with the appellant to discuss the matter, and may also reconsider and/or amend the decision which is being appealed. A copy of the reply, and any amendments or supplements to the decision being appealed from will be provided to the appellant prior to the hearing on the appeal.

7321.5 Notice of Hearing

Unless otherwise agreed to by the appellant, the hearing on the appeal will be noticed and scheduled for a regular meeting of the Commission to be held within thirty (30) calendar days following the delivery to the appellant of the Impact Fee Administrator's reply to the notice of appeal. A copy of the decision being appealed, the notice of appeal and the reply shall be delivered to the Commission prior to the hearing.

7321.7 Payment Under Protest

A Fee Payer may pay an Impact Fee under protest in order to obtain a Development Approval or a building permit. A Fee Payer making such payment shall not be estopped from exercising the right of appeal provided in this Section, nor shall such Fee Payer be estopped from receiving a refund of any amount deemed to have been improperly collected as a result of the appeal. (Reference *Idaho Code*, Section 67-8212(2).)

7321.8 Mediation

Upon voluntary agreement by the Fee Payer and the Impact Fee Administrator, ACHD shall address a disagreement related to the Impact Fee for a proposed Development through mediation by a qualified independent party. Mediation may take place at any time during the appeals process and participation in mediation does not preclude the Fee Payer from pursuing other remedies provided for in this Section. Mediation costs will be shared equally by the Fee Payer and ACHD. (Reference *Idaho Code*, Sections 67-8204(15) and 67-8212(3).)

7322 COLLECTION

If a Fee Payer fails to pay an Impact Fee when due, in addition to such other remedies as are available to ACHD at law or in equity to collect the same, ACHD may do one or more of the following:

- a. withhold Development Approval until the Impact Fee is paid;
- b. charge the Developer interest on the Impact Fee at the legal rate set forth in *Idaho Code*, section 28-22-104 (1), from the date such payment was due until paid;

(Reference *Idaho Code*, Section 67-8213.)
