

PERMITS AND APPROVAL

PERMIT APPROVAL	GRANTOR	CONDITIONS REQUIRING	WHEN TO INITIATE	WHO APPLIES	REFERENCES
Sec. 10	US Army Corps of Engineers (Coordination with USFWS)	Obstructions, alterations, or improvements of any navigable waters	Early stages of project development	ACHD	Rivers and Harbors Act – 1899 33 USC 401 Sec 10
Sec. 404	US Army Corps of Engineers (Coordination with USFWS)	Discharging, dredging, or placing fill material within waters of the USA or adjacent wetlands.	Coordinate during early stages of development. Seek permit after preliminary design.	ACHD	Sec 404 FWPCA 1972 33 USC 1344
FAA Airport/Highway Clearance	FAA	Airspace intrusion of highway facility (proposed construction in the vicinity of public use / military airports may require FAA notice).	During design / prior to work.	ACHD	FHPM 5-1-1-2 FAA Regs. P. 77
Restricted Hydro-Electric Land	FERC	Utilize land from a FERC licensed project.	During preparation of environmental document.	ACHD	18 CFR Part 2.13
Fish & Wildlife Coordination	USFWS	Consultation required when any waters are proposed to be modified or controlled.	During preparation of environmental document.	ACHD	FWCA Sec. 2 33 USC 676, 662
Wetland Report	US Army Corps of Engineers (Coordination with USFWS)	Impact to lands covered with shallow and sometimes temporary / intermittent waters (swamps, marshes, bogs, sloughs, potholes ...)	During preparation of environmental document.	ACHD	49 USC 1651 EO 11900 (Protection of Wetlands)
Endangered / Threatened Species	USFWS/NMFS	Plant or animal species that are suspected to be, or actually are, of the endangered or threatened status.	During preparation of environmental document.	ACHD	16 USC 1531-1543
Prime and Unique Farmland	Soil Conservation Service	Lands impacted are of prime or unique status.	During preparation of environmental document.	ACHD	49 USC 1651(f) DOT Act of 1966 Sec. 4 (Amended 5/19/78) FHPM 7-7-2(20) 23 CFR 138
Soil Source Aquifer	EPA	Any activity which may affect the aquifer recharge zone.	During preparation of environmental document.	ACHD	SDWA P.L. 93-523
Floodplains	FEMA/Counties	Any structure / activity which may adversely affect the flood regime of stream within the flood zone.	During preparation of environmental document.	ACHD	Federal – EO 11988 (Floodplain Management)

PERMIT APPROVAL	GRANTOR	CONDITIONS REQUIRING	WHEN TO INITIATE	WHO APPLIES	REFERENCES
Stream Alteration Permit	DWR	Alteration of stream channel or lake fill	During environmental documentation or design	ACHD	IC Sec. 42-38 IC Sec. 58-142 IC Sec. 47-714
NPDES	DHW	Discharge of pollutants into State surface waters.	During design.	ACHD	FWPCA Sec. 402 33 USC 1344 BMP's Memo of Understanding
Surface Mine Reclamation	DOL	Mining (pit sites, quarries)	During preparation of environmental document or after design.	ACHD	

CFR	Code of Federal Regulations	NMFS	National Marine Fisheries Service (Department of Commerce)
EO	Executive Order	NPDES	National Pollutant Discharge Elimination System
EPA	Environmental Protection Agency	BMP	Best Management Practices
FERC	Federal Energy Regulatory Commission	DOL	Department of Lands
FHWA	Federal Highway Administration	DHW	Department of Health and Welfare
FWCA	Fish and Wildlife Coordination Act	IC	Idaho Code
FWPCA	Federal Water Pollution Control Act	DWR	Department of Water Resources
SHPO	State Historical Preservation Officer	FEMA	Federal Emergency Management Agency
SDWA	Safe Drinking Water Act
